

## GOGARTH ABBEY, LLANDUDNO

TACP Architects secured planning permission for 24 apartments, including refurbishment of the existing historic building, with two new extensions replacing existing structures. The building provides basement-level parking facilities. The apartments range from single bedroom to four-bedroom penthouses, all benefitting from spectacular sea views.

## APARTMENT PROJECTS

TACP Architects have carried out a number of commissions in Warrington, Crewe and Wrexham, to provide detailed designs for various Design & Build contracts, generally comprising three and four storey blocks containing apartments each with two bedrooms, bathroom and a combined kitchen / dining / lounge area.

## PRIVATE HOMES

TACP Architects have undertaken numerous commissions for private dwellings, including new-build, refurbishments and extensions. These commissions have included homes for clients with complex accessibility requirements.

## DEGANWY QUAY HOTEL, DEGANWY

TACP Architects were appointed to prepare detailed drawings for the construction of a 4-star hotel, spa and leisure complex, with approximately 100 premier ensuite bedrooms and prestigious apartments, at the Deganwy Quay Marina complex.

## SYSTEM BUILD SOLUTIONS

Our portfolio includes design services for prefabricated building system manufacturers. These services cover a wide range of projects including athlete apartments for the London 2012 Olympics, and various hotel and apartment buildings. Further afield TACP have provided design services for an orphanage for 30 children in Panama and rollout relief housing for developing countries.
