

PRINCIPALITY VARIOUS BRANCHES

PROJECT DESCRIPTION

The recent expansion and refurbishment programme of the Principality Building Society has attempted to create branches that are not only more inviting to the customer, but will also create effective marketing opportunities for the company.

TACP has been involved with a number of North Wales branches including Wrexham, Shrewsbury and Mold. The use of bold curves, imaginative lighting, quality products and finishes all reflect the high standing of the Principality name.

Job no: various
Project Sheet no: 0026
